Product Description

Product introduction:

The simulated rose wall background is a multifunctional decorative art piece that can be customized in size and color. Offering a variety of color options such as white, blue, purple, and pink, the artificial rose flower wall can be matched with different types of artificial roses according to individual needs, providing a unique and beautiful space for weddings, photo studios, home and store decorations.

Advantage:

Customized design: Size and color can be customized according to needs to meet personalized decoration requirements and adapt to different occasions and styles.

Multi-color optional: Provides rich color choices, including white, blue, purple, pink, etc., to meet different theme and atmosphere needs.

Flower matching: Customers can choose different types of artificial roses according to personal preferences and occasion needs to create a unique flower wall effect.

Simulated three-dimensional design: The exquisite flowers present a three-dimensional effect, increasing the layering of the overall space and making the decoration more vivid and realistic.

Application:

Wedding photography: artificial rose wall panels provide a beautiful background for the wedding, enhance the romantic atmosphere, and become a unique wedding memory point.

Home decoration: Customized sizes and colors to add color to your home space and create a warm home atmosphere.

Photo studio setting: faux rose wall is used as a photography background to provide a beautiful and three-dimensional flower wall effect, adding an artistic touch to photography works.
